NH DHHS COVID-19 Update January 25, 2022

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Tuesday, January 25, 2022, DHHS announced 724 new positive test results for COVID-19 for Monday, January 24. Today's results include 420 people who tested positive by PCR test and 304 who tested positive by antigen test. DHHS also announced an additional 74 new cases from Tuesday, January 11 (10 by PCR and 64 by antigen test) for a new total of 3,622; an additional 10 new cases from Thursday, January 13 (10 by PCR and 0 by antigen test) for a new total of 2,778; an additional 24 new cases from Friday, January 14 (17 by PCR and 7 by antigen test) for a new total of 3,256; an additional 2 new cases from Saturday, January 15 (1 by PCR and 1 by antigen test) for a new total of 5,535; an additional 8 new cases from Monday, January 17 (0 by PCR and 8 by antigen test) for a new total of 1,829; an additional 2 new cases from Tuesday, January 18 (0 by PCR and 2 by antigen test) for a new total of 741; an additional 1 new case from Wednesday, January 19 (0 by PCR and 1 by antigen test) for a new total of 2,749; an additional 5 new cases from Thursday, January 20 (0 by PCR and 5 by antigen test) for a new total of 2,310; an additional 8 new cases from Friday, January 21 (0 by PCR and 8 by antigen test) for a new total of 2,913; and an additional 2 new cases from Saturday, January 22 (0 by PCR and 2 by antigen test) for a new total of 2,318. Test results for previous days are still being processed and updated case counts for prior days will be reflected on the [COVID-19 interactive dashboard](#). There are now 13,667 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are two hundred and eighty-one individuals under the age of 18 and the rest are adults with 54% being female and 46% being male. The new cases reside in Rockingham (143), Merrimack (105), Hillsborough County other than Manchester and Nashua (98), Grafton (73), Strafford (66), Belknap (49), Sullivan (48), Cheshire (25), Carroll (21), and Coos (15) counties, and in the cities of Manchester (78) and Nashua (57). The county of residence is being determined for eighty-two new cases.

DHHS has also announced twenty additional deaths related to COVID-19. We offer our sympathies to the family and friends.

- 1 female resident of Belknap County, 60 years of age and older
- 1 male resident of Belknap County, 60 years of age and older
- 2 female residents of Carroll County, 60 years of age and older
- 1 female resident of Carroll County, fewer than 60 years of age
- 1 male resident of Grafton County, 60 years of age and older
- 1 male resident of Hillsborough County, 60 years of age and older
- 1 female resident of Hillsborough County, fewer than 60 years of age
- 1 male resident of Hillsborough County, fewer than 60 years of age
- 4 female residents of Merrimack County, 60 years of age and older

- 1 female resident of Merrimack County, fewer than 60 years of age
- 2 female residents of Rockingham County, 60 years of age and older
- 2 male residents of Rockingham County, 60 years of age and older
- 2 female residents of Strafford County, 60 years of age and older

There are currently 412 individuals hospitalized with COVID-19. In New Hampshire, since the start of the pandemic, there have been a total of 266,000 cases of COVID-19 diagnosed.
